FYI, our modeling guys talked to Wolfe yesterday. He just had some simple questions which they were able to clarify, see summary.

Subject: debrief of call with John Wolfe.

I put together some notes to summarize the important points from today's call with John Wolfe, John Kern, James and me. I thought it would make it easier to include slides 61 and 76 from the CSTAG presentation, which we discussed, so I put the summary in a Word file.
